

Watching Videos with the YouTube App

YouTube is a free video streaming platform created by Google. YouTube has a diverse collection of videos ranging from tutorials, exercise classes, education, religious services, travel, product reviews, and more. TV show episodes and movies are usually not free to watch on YouTube. Most videos are uploaded by individual creators rather than large production companies. An internet connection is needed to watch YouTube videos. Users can use the fast forward, rewind, captions, and pause/play functions on most videos.

Tech Tip

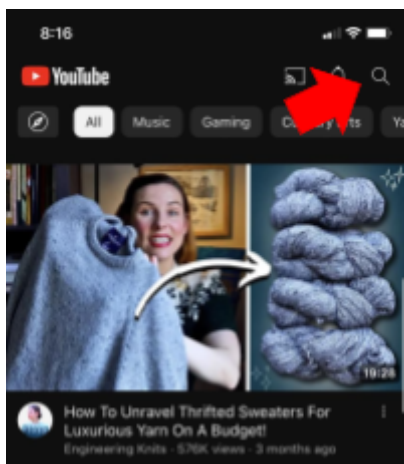

If you do not see YouTube on your device, scroll down by dragging a finger from the bottom to the top of the screen

Searching for a Video

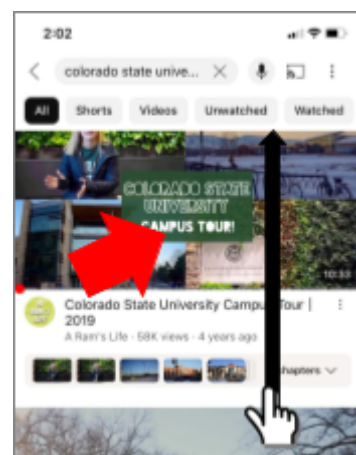

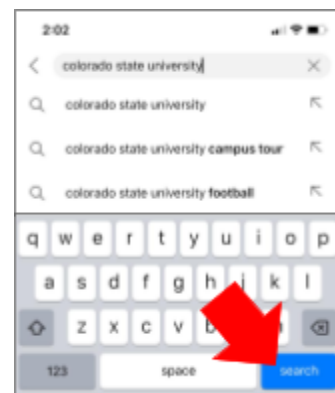

1. On the home screen, tap on the YouTube app icon.
If you do see YouTube on the home screen, drag a finger horizontally to view different pages of the home screen.
2. Tap on the “Search” icon located at the top right corner of the screen. The “Search” icon is characterized by a magnifying glass.

Home Screen

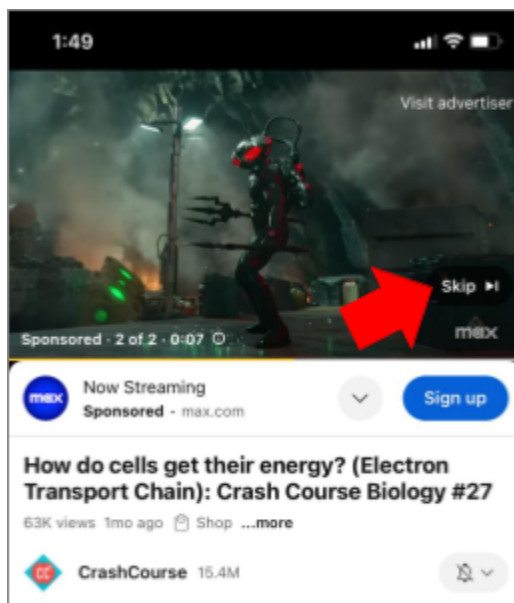

3. Type in keywords of a video you are looking for. If you are looking for a specific video, type in the name of the person or channel that created the video to specify the search.
4. Tap the “Search” or “Enter” key at the bottom of the screen.
5. Tap on the video you would like to watch. You can scroll down to view more videos by dragging a finger from the bottom to the top of the screen.

Skipping Advertisements

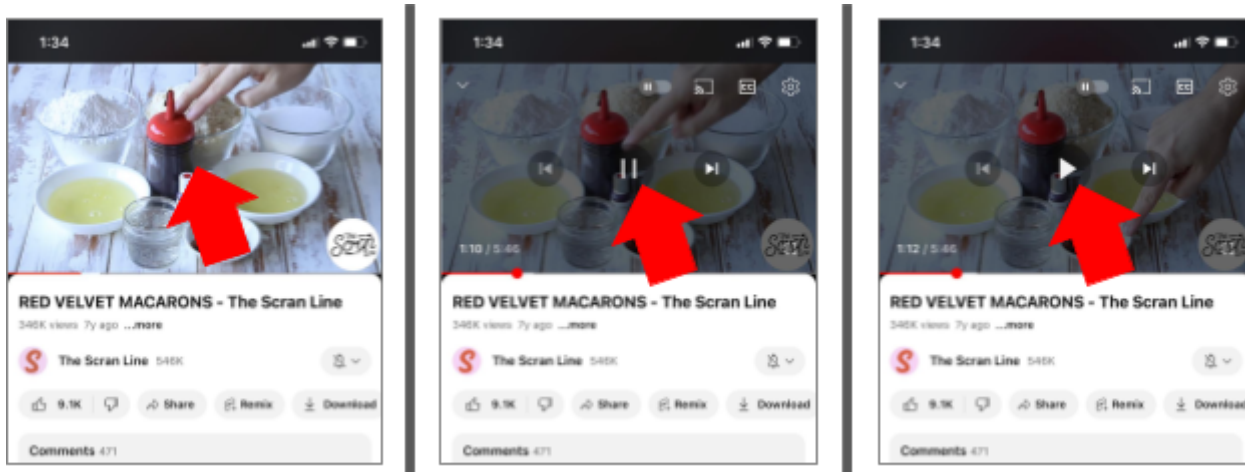

YouTube makes money through advertisements. Advertisements may be played before the video, during the video, or after the video. Most advertisements are 15-60 seconds long. You are able to skip most advertisements, but you may not be able to skip advertisements that are only a few seconds long.

1. Wait a few seconds until the “Skip” button appears.
2. Tap on “Skip” located at the bottom right corner of the video.

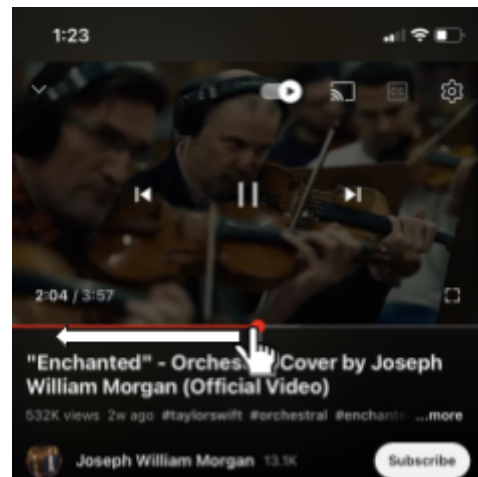

Pausing the Video

1. Tap on the video.
2. Tap on the “Pause” icon located in the middle of the video to stop the video. The “Pause” icon is characterized by two parallel lines.
3. To resume the video tap on the video and tap the play icon located in the middle of the video. The “Play” icon is characterized by a triangle.

Rewind & Fast Forward

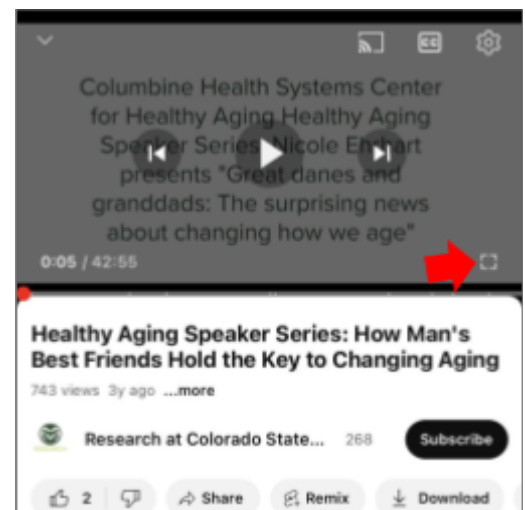

1. Tap on the video.
2. Hold down the red dot with your finger.
3. Drag the red dot to the left to rewind.
4. Drag the red dot to the right to fast forward
5. Once you have the place in the video that you would like to resume from, release your finger from the screen.

Closed Captioning

Some channel content creators will add captions on their own, whereas some videos auto generated captions using a software YouTube has. Some videos do not have closed captioning available. There is some variety with the accuracy of captions across YouTube videos.

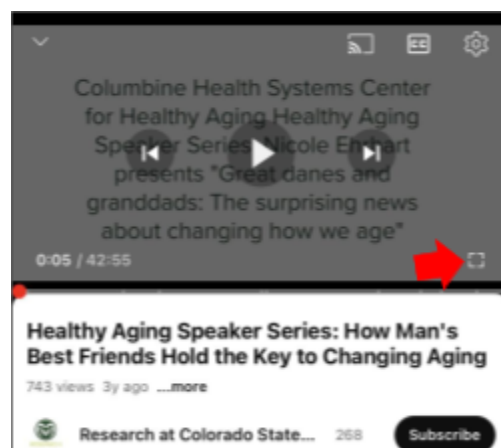

1. Tap on the video.
2. Tap on the "Closed Captioning" icon, characterized by the "CC" button.

Fullscreen & Exit Full Screen

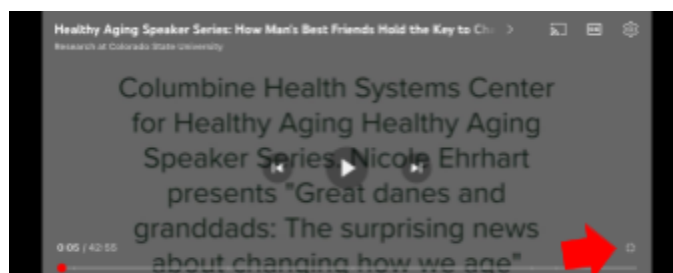

Full Screen

1. Tap on the video.
 2. Tap the “Full Screen” icon located at the bottom right corner of the video.
- Tapping on the fullscreen icon will rotate the video 90 degrees to be displayed on the entire screen of the device.

Exit Full Screen

1. Tap on the video.
 2. Tap the “Exit Full Screen” icon located at the bottom right corner of the video.
- Tapping on this icon will rotate the video 90 degrees to take up a third of the screen.

Adjusting Volume

Volume buttons are usually located on the left hand side of most devices. Pushing on the button closest to the top of the device will increase the volume. Pushing on the button closest to the bottom of the device will decrease the volume.
