

Family Caregiving and Preparedness Survey

QR Code to access survey

REQUEST FOR RESEARCH PARTICIPANTS

Who is conducting the study and what is this study about?

Researchers from the department of Human Development and Family Studies at Colorado State University are recruiting participants for a study to learn about feelings of preparedness in individuals providing care to a family member.

Who can join this study?

You can participate in this study if you are an adult (aged 18+) who is providing unpaid care to an adult family member.

What will I be asked to do?

Complete a survey that will take about 30 minutes.

Why should I join this study?

Your input will help us understand how prepared individuals feel for their role in caring for a family member or friend, and what aspects of that role caregivers would like to feel more prepared for.

How do I join this study?

To complete the survey online, go to this link to get started: [Family Caregiving and Preparedness Survey link](#). **OR**, if you want to complete the survey over the phone, over video conference, or a mailed hard copy, contact the Study Coordinator/PI or Co-PI listed below.

Participants can enter to win a \$50 Amazon gift card!
