# MRI STUDY VOLUNTEERS NEEDED Research

Researchers from CSU are recruiting healthy volunteers to participate in a study of brain and cognitive aging.

#### **Research project:**

"Malleability of Brain Systems that Mediate Wisdom and Reflective Thinking". The study will be conducted at CSU's TMI building (Drake and College) in Fort Collins

### **Participants Must Be:**

- Healthy adults between 18-80 years of age
- Without major medical or psychiatric problems
  - Without major hearing or visual problems

## The Study Will Entail:

- Completion of a series of cognitive tests
- An MRI (magnetic resonance imaging) scan
- Participation will last 3 hours during a single study visit

## **Compensation Will Be:**

- \$20 per hour and up to \$60 total
