

SciShield Training Help Guide, IACUC

SciShield web page: <https://colostate.scishield.com/>

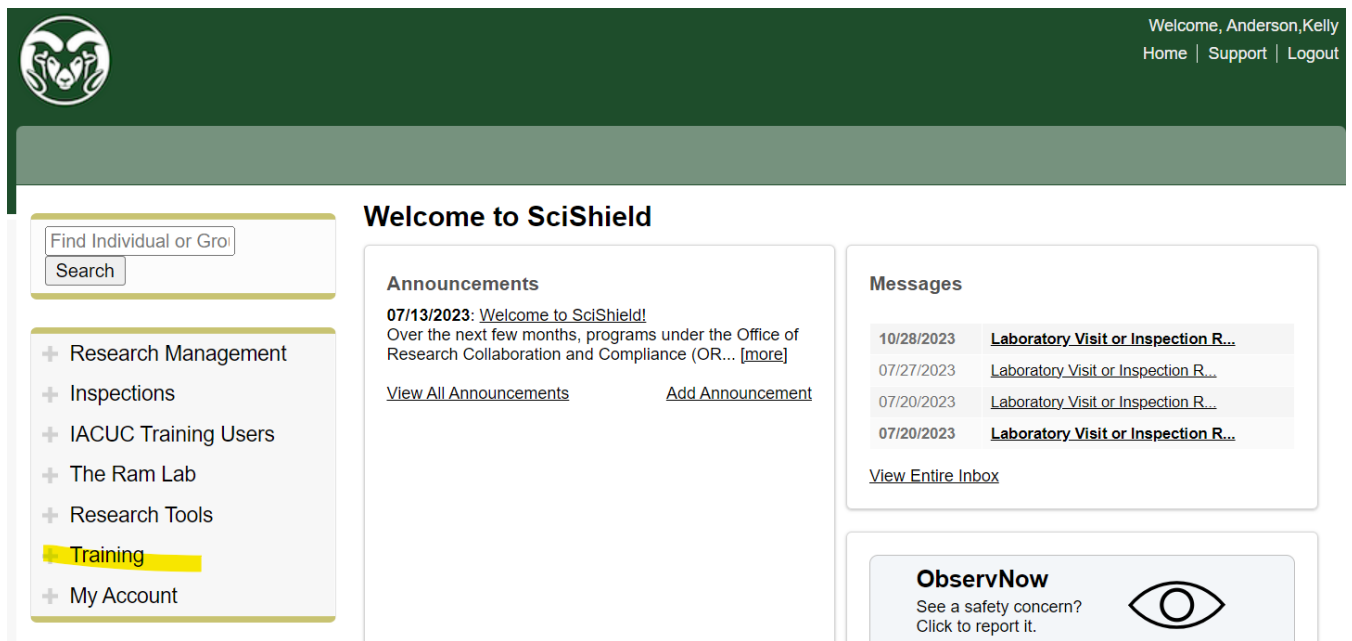

Access requests to CSU's Scishield as well as additional help documents are available on this page:

<https://www.research.colostate.edu/orcc/scishield/>

Enter your CSU NetID and Password when prompted.

Once you log in you should see a screen similar to this, select the training option on the left side.

## Select "Course Directory"

|                           |
|---------------------------|
| — Training                |
| » Training Dashboard      |
| » My Training             |
| » <b>Course Directory</b> |
| » Delinquency Report      |
| » Training Reports        |
| » All Records             |
| » Non-Imported Records    |

This will bring up a list of all available courses, you will need to take the "Animal Care and Use at CSU" and "Emergency Contingency Plan Training", you can launch these courses directly from this page, by selecting "Launch Course".

## Course Directory

### Biosafety

| Course Name  |                               |
|--|-------------------------------|
| <a href="#">Annual Biosafety Training</a>                          | <a href="#">Launch Course</a> |
