

NASA Certification - Chinese Affiliations

**OFFICE OF
SPONSORED PROGRAMS
COLORADO STATE UNIVERSITY**

Instructions

This form is required in order to meet Federal Law (Public Law 112-55). This law restricts NASA from providing funding to participate, collaborate, or coordinate bilaterally in any way with China or any Chinese-owned company, at the prime or sub-recipient level, whether the bilateral involvement is funded or performed under a no-exchange of funds agreement. The university must certify compliance with this restriction for each proposal or award.

NASA defines “China or Chinese-owned Company,” to mean the People’s Republic of China (PRC), any company owned by the PRC, or any company incorporated under the laws of the PRC; this would include entities such as Chinese universities and research institutes. The law is interpreted by NASA to prohibit participation (funded or unfunded) by any individual, regardless of nationality, who is affiliated with the Chinese Government or a Chinese-owned Company. NASA does not consider this a prohibition of Chinese nationals.

- This form must be completed by all Colorado State University project personnel (faculty, staff, students, and visitors) seeking funding from NASA, whether or not the individual will be compensated from NASA funds under the resulting award for this project.
- All completed forms must be provided to Sponsored Programs prior to the submission deadline in order for Sponsored Programs to submit a proposal.
- Proposals submitted without a completed and up-to date form may be withdrawn if the required form is not completed within 30 days of the request.
- If there is a change to the information provided on the form, a new form must be updated immediately and resubmitted to Sponsored Programs. Project participants are responsible for ensuring that the form is accurate and up to date. Any affirmative answers will require a review by Secure and Global Research and the Office of Sponsored Programs. If you have any questions about completion of this form, please contact vpr_export_control@mail.colostate.edu
- PIs are responsible for ensuring that, prior to adding additional participants to a NASA project, the new participants must provide a completed and up-to-date form to Sponsored Programs.
