

# THE NIGHT OF THE FREEZER

no one ever suspected

If only we could have known....  
If only we could have planned....  
What secrets does YOUR freezer hold?

- ✓ CONTAIN
- ✓ LABEL
- ✓ INVENTORY

Uncatalogued samples, improper storage, and unlabeled containers are a **hazard to biosecurity**.  
Don't fall victim to the freezers: keep them in check and keep everyone else safe!

**Colorado State University** Biosafety Stewardship Initiative 2015

## WINTER IS COMING

### DO YOU KNOW WHAT IS LIVING IN YOUR FREEZER?

A GOOD CSU EMPLOYEE ALWAYS CLEANS OUT THEIR FREEZER

**WANTED**

Uncatalogued and unlabeled samples are a biohazard.

In October, tame the beast living in your freezer by labeling, updating inventory and discarding unwanted samples.

## DON'T PULL A 2319

# National Biosafety Month 2018!

PLEASE REMEMBER TO:

- Inventory & clean your lab refrigerators/freezers
- Use proper personal protective equipment
- Use proper containment and disinfection protocol for infectious agents
- BE AWARE OF IBC APPROVAL REQUIREMENTS
