

# Finding Current Agendas for Convened IRB Meetings

## 1) Log into Kuali Protocols to IRB.

How do I do that?

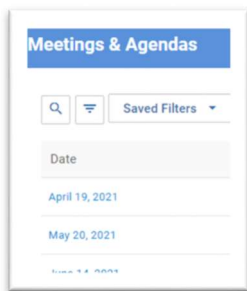

Follow the link in a Kuali notification email OR

- Log into [Kuali Protocols](#) using your CSU eID and password
- Click the Protocols tile
- Choose Meetings & Agendas menu option

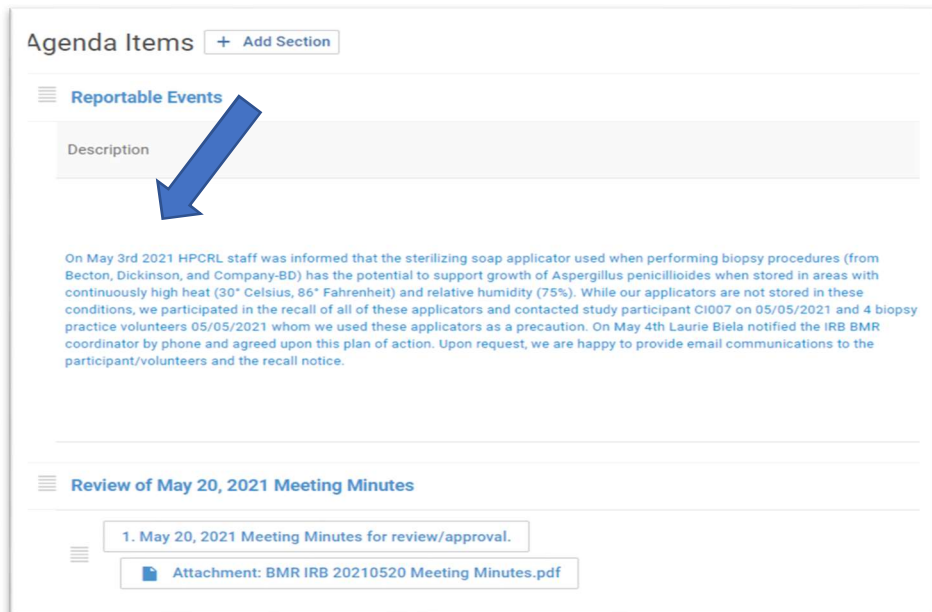

The image shows two UI elements: a dark blue button with a calendar icon and the text 'Meetings & Agendas', and a light gray square tile with a blue checkmark icon and the text 'Protocols'.

## 2) From the Meetings & Agendas page, select the appropriate Agenda Date in Left Column.

## 3) Scroll to the bottom to find Agenda Items:

3) Here you can find & open supporting meeting documentation including:

- Meeting Minutes for review
- Administrative Reports
- Other materials that are not affiliated with meeting actions

4) Scroll to the bottom of the Agenda to find a report of actions (IRB Determinations) that the IRB Office has taken related to Reliance Agreements, Exemptions, and 118 Issuances.

Should you wish to review any of the activity, you can do so in View mode of Quali or request access by the Coordinators.
